

CROSSWINDS

Where the spirit of the Lord is there is liberty. II Cor. 3:17

Serving the modeling community since 1995

March 2020

Perry, GA. 2020

What a great time we had in Perry Georgia. Man there was wall to wall planes, boats, cars, accessories and engines. All that you can imagine was available. This is a place to pickup things that you need for your hobby real cheap.

Our FCM table was a real success. Once again we met people and ministers who have never heard of us. Out side of trying to win people to Jesus Christ this is another reason for going to this event.

It was also real surprising to everyone about our free raffles that we were having. Every vendor there was selling items, but we were giving away ours for free and they couldn't believe it. We really had a great time and here are a couple of our Grand Prize winners.

Here with one of our Drone giveaways is Diane Leclair from Melbourne Florida and the winner of the Newport 17 kit was Bob Kindsvater from Johnson City Tennessee.

Once again we really had another great time at Perry and Lord willing we will be there next year. Hope to see you there and hope to see you at the Joe Nall coming in May.

**God Bless,
Tony Gaffney**

The items featured in the FCM raffle were offered in part by Brodak Hobby.

Toledo Expo 20202 Canceled.

USAF museum trip canceled for 2020.

For approximately 20 years we have arranged a group meeting / tour of the Air Force national museum in Dayton, Ohio in March, but due to the events of the time we, like everyone, are cancelling and will (Lord will'en) resume in 2021.

Concourse winner's

Both airplanes were built by the late Roger Wildman. The white airplane (California Beamer designed by Roger) was designed in the early 60's and this one was built in 2012. The "Beamer" won pilots choice award at the VSC in Tucson, AZ.

The pink "Caprice" designed by Bob Hunt and built by Roger won best appearance award at the U S Nations. Craftsmanship was his middle name.

AHHHHHHHHHHH Summertime.

Cutoff jeans, t-shirts model airplanes and the sun. Its just March but I am starting to get excited.

Scripture for the month.

2 Timothy 1:7

7 For God has not given us a spirit of fear, but of power and of love and of a sound mind.

With the Corona virus going worldwide now there is a lot of questions and even fear going along with it. We will get threw this.

As Christian we have the scripture above to rest on. Along with prayer we need to be aware of our personal

hygiene, wash hands, do not shake hands, do not stand to close to one another and avoid large crowded areas. Again, we'll get threw this.

Blessings

FCM National Prayer Chain;

Contest workers.

Do you ever look behind the seen to see what it takes to run a successful contest? This makes up just one of the four circles judges and runner. At the U S Nationals the numbers go something like this;

<i>event</i>	<i>judges</i>	<i>tabulators</i>	<i>runners</i>
R/C Scale	8	4	2
C/L Scale	4	3	2
C/L Stunt	12	3	2

This is just three of the many events that run threwh the month of July into Aug.

The local contest are much the same. It takes dedicated volunteers to put on and run these events. Maybe a "thank you" the next time you go to a fly-in or contest. It'll go a long way.

We would like to thank all those who support FCM with your prayers and finances.

Will you partner with FCM to help keep Jesus alive and visible in our hobby and on the flight line?

Gifts can be made on the FCM web site with CC, PayPal www.fcmodelers.com then go to "Donate". Or by mail to the address below.

*Blessings
Allen*
