

CROSSWINDS

Where the spirit of the Lord is there is liberty. II Cor. 3:17

Serving the modeling community since 1995

Feb. 2018

The 5th annual NASA Scale Classic

Triple Tree Aerodrome,
October 19-21, 2018.

A great event that features both RC & C/L scale world class competition.

Keep up to date on the NASA web site.

<http://www.nasascale.org/p2/>

Just a taste, NSC.

The flight line was twice as long as you see here.

A good mix of jets, military, civilian, bi-planes, sport big and small.

Not to mention some of the best builders and pilots in the world.

Greetings Modelers,

What a Great New Year!

I think that we as God's Children have quoted the verse" This is the day that the Lord has made, I will rejoice and be glad in it.",

Well, I think we also need to say this is the Year that the Lord has made we will look forward to what God has in store for us and we will rejoice and be glad in it.

Last year is gone and the new one is already a month in the past and we should take heed and listen to what is written in Isaiah 43.

Verses 18, and 19 are some of my favorite, God speaks to us in these verses and says," 18: Remember ye not the former things, neither consider the things of old. 19: Behold I will do a new thing; now it shall spring forth; shall ye not know it?

One thing that I have learned is not to dwell on the past. The past can keep you in prison and not to be able to move forward. I know that for some of us last year is a year we want to forget because it was not very good to us and others last year was a great year. What ever the case we cannot take hold of what the good Lord has in store for us this year if we continue to dwell on the past. Yes even if we had a great year last year we should not live in last year for the Lord is even wanting to do even greater things for us in this new year. The Apostle Paul even said that the things which are behind me I forget and I will be reaching for the new things that are in front of me and ahead of me, I press toward the prize of the high calling of God. {Gaffney's translation.}

We may have built a great model and won some trophies with it, or even maybe like me I had a few crashes that I want to forget, Lets look at what we can accomplish this year. Maybe build a new model, enter an event that we have never been to, reach out and help a fellow modeler who does not know our Lord and Savior Jesus Christ. What ever it may be lets forget last year and look forward to what the Lord has for us this year.

May God bless you and the Fellowship of Christian Modelers this GREAT NEW YEAR!!!!

**Tony Gaffney,
President
Fellowship of Christian Modelers**

Come join us or just come and watch, everything from 40% scale to 1/2A powered airplanes.

He does work in many ways.....

Allen,

Thank you for your response. Long story short, I placed my original FCM stickers on my giant scale Yak-54. However, I sold the plane and of course, the stickers went with it. It became quite a blessing as the buyer asked me later what those stickers were for. After explaining things to him, along with some other information about salvation, he really began to ask questions. I'll skip ahead to now. I'm very excited to say that he has now become a regular attendee of church on Sunday mornings. Now he's spreading the word to other pilots at the field as well. God works in mysterious ways!!!!

All that being said, I would like another set of stickers for my 42% Dalton Extra 300 that I just re-covered. I would appreciate another Large shirt as well as a bumper sticker for

my van (if they're available). I would be happy to pay or donate to FCM in return for those items. Please let me know what they cost and we'll go from there.

I thank you and the FCM for opening up a door for us Christians to be able to spread the Gospel to those we fly with.

**Thanks,
Kevin**

They come from the east to west and from north to south to compete in this event. Outside of the U S Nationals the only place you'll find RC and C/L scale competition at the same time and place in the world.

Scripture for the month.

*But I will sing of your strength, in the morning I will sing of your love; for you are my fortress, my refuge in times of trouble.
Psalm 59:16 NIV*

This scripture came to mind when thinking about the wide spread flue and bronchitis epidemic plaguing this country. Our family has gone and is going through this right now. He is our strength in many ways.

Hope you are enjoying good health today.

FCM National Prayer Chain;

If you would like to be a member on the FCM prayer chain contact Will Hinton, PCC.

wlhint@centurylink.net

2018 has a lot to offer modelers.

Perry GA. swap meet, Fly-ins, contests, special events; Joe Nall, Brodak fly-in, U S Nationals, The FCM at AMA, NASA scale classic just the mention a few. FCM (Lord willing) will be at these events and more, hope to see you there.

Have pictures?

Lets share them with the world, member or not.

fcm95@comcast.net

We would like to thank all those who support FCM with your prayers and finances.

Will you partner with FCM to help keep Jesus alive and visible in our hobby and on the flight line?

Gifts can be made on the FCM web site with CC, PayPal <http://fcmodelers.com/Donate.htm> or by mail to the address below.

**Blessings
Allen**
